

Trademark vocabulary position is unrelated to patenting within firm, in complement and substitute sectors alike

Complement $\times$ log(patents) interaction under topic scoring: -0.0000 (t = -0.00)

89,987 firm-years, 15,121 firms with at least three years of trademark filings matched to PatentsView assignees, 1995–2019. Every firm in the panel patents at least once, which biases the design toward finding complementarity.
